## Ink Jet India 2009: Global Technological e-Colloquy

10<sup>th</sup> – 31<sup>st</sup> December 2009

Web event

4<sup>th</sup> year in a row!

Join us for the final ink jet event of the year. With over 21 days dedicated for presentations and interactions, we present a platform for discussing technologies, markets and ideas. This year, being delivered offline over the web, Ink Jet India 2009: Global Technological e-Colloquy is for a larger audience. The scope covers not just the currently popular applications in the areas of office, industrial and commercial printing eg specialty graphics (wide format printing) and packaging but also on newer areas like industrial printing, printed electronics, nanotechnology etc.

Registration is free of cost but the seats are few. Though applying for registration early will help, applications will be considered carefully.

### IMI EUROPE

IMI runs the largest and most comprehensive conference and seminar programme in the digital printing industry. Each year over 2,000 industry technical and management personnel from over 600 companies attend more than 20 programmes covering ink jet, thermal, laser, high speed digital printing, textile, industrial and other forms of digital printing.

### III

Outside of the US and Europe, these programmes are happening only in India. While in the West, these are running, in collaboration with III (Inkjet & Hitech Innovation Institute) for a decade, in India they are happening for the past 3 years only.

Inkjet & Hi-tech Innovation Institute, promoted by Xyanni, is a network of Western and Indian organisations and individuals, which aids in the growth of inkjet and high technology markets and industries in India and rest of the world.

### THE PROGRAMME

Ink Jet India 2009: Global Technology e-Colloquy is an offline web based conference. A set of specialists will organize and crystallize their thoughts in powerpoint presentations. Some of these will be supported with audio and video content. The presentations will be available for the entire duration of the event i.e. from 10<sup>th</sup> to 31<sup>st</sup> December 2009.

A set of qualified global audience will be invited to register to participate in the event. They can study the presentations at their convenience in different time zones globally. They can interact with ask questions to the presenters.

## Free Registration!

### Speaker companies in the past 3 year

Almost every leading inkjet company and organization the world over has attended these programmes.

Some of the past years sponsors and supporters are:

BASF	Digital Textile
EFI	Fujifilm Sericol
HP	IMI
III	MAIT
Pivotal Resources	RadTech
Renishaw	SIN UK
Static Control	SunJet
TTP	Trident
UKTI	VideoJet
Xaar	Xennia
Xyanni	

pivotal  
resources

**XYANNI**  
India Partnership for Emerging Enterprise

In remembrance of the victims of the incidents of 26/11 a year ago in Mumbai, India, 10% of all earnings of Ink Jet India 2009: Global Technological e-Colloquy will be gifted to Chabad House, Taj Public Service Welfare Trust or equivalent charities in India.

### How to register?

Request for registration is to be made via an online form available at the following link:

<http://www.iii.ind.in/events/Ink-Jet-India-2009/Ink-Jet-India-2009/online-registration.htm>

or sending an e-mail to [tarun@iii.ind.in](mailto:tarun@iii.ind.in) writing the following information about you.

Dr. / Mr./ Ms. ....  
 Last (family) name .....  
 First (given) name .....  
 Job Title .....  
 Company .....  
 Street Address .....  
 City .....  
 District .....  
 State .....  
 Postal Code .....  
 Country .....  
 Telephone No. ....  
 Mobile No. ....  
 Fax No. ....  
 E.mail .....  
 Website .....

Comments .....

### Who should attend?

People related with the following

Companies  
 Research organizations  
 Academic institutes  
 Media, associations, groups, governments

Manufacturers  
 Integartors  
 Distributors  
 Retailers  
 Users

Specialty graphics, wide format printing, packaging  
 Industrial applications  
 Printed electronics  
 Bio-engineering  
 Nanotechnology

Components	Consumables
* Printheads	* Inks
* Instrumentation	* Media
* RIP software	* Chemicals
* Automation	

Equipment manufacturers

In the comments area, you may write a line or two describing your interest in inkjets and this event. This will help us in speeding up the registration process.

Though this is a virtual event, the software being used imposes a condition on maximum number of attendees. Applying early will be helpful. Apply now!

### Why attend?

There are various benefits to the participants.

Benefits to participants:

- \* Most updated information on various aspects of inkjets
- \* Off-line mode allows attendees in all time zones to study presentations
- \* Chance to ask questions from the leaders
- \* Every attendee will receive a Certificate of Participation
- \* No need to pay to travel out of your work-place/home to attend
- \* No registration fee!

In remembrance of the victims of the incidents of 26/11 a year ago in Mumbai, India, 10% of all earnings of Ink Jet India 2009: Global Technological e-Colloquy will be gifted to Chabad House, Taj Public Service Welfare Trust or equivalent charities in India.

**EVENT LEADERS**

**Mike Willis, Managing Director  
Pivotal Resources**  
Cambridge, UK

Mr. Willis founded Pivotal Resources, a consultancy in the digital printing industry, in 1995. He has experience in a wide range of technologies and markets including drop-on-demand and continuous ink jet printing, electro-photographic technology, greyscale and colour reproduction methods and light sensitive materials.

Prior to founding Pivotal Resources, Mike was Director of Electronic Printing at Meta Generics. Mr. Willis was a founder member of Xaar - a spin-off company from Cambridge Consultants where Mr. Willis spent ten years working in a number of roles, culminating as Group Leader of Non-Impact Printing. Before that, he spent six years at Gestetner developing photocopiers.

Mr. Willis graduated from the Polytechnic of Central London with an honours degree in Photographic Sciences.

**Tarun Kumar, Chief Executive  
Xyanni, India**  
New Delhi, India

In January 2007, Mr. Kumar founded Xyanni, an advisory business that assists companies in Europe/ West.

Before that, Mr. Kumar had founded and headed, as General Manager, for nearly three years, till 2006, the Indian business of Xaar plc. He generated a revenue of GBP 1 million within the first year of the Indian business. He led the starting of a dozen ink jet projects in India and the rest of South Asia. Most of these were for manufacturing inkjet printers locally and two were for manufacturing inks. These were the first such projects in India and have become successful businesses within three years. He has about 15 years of work experience.

Mr. Kumar is a B.Sc. (Physics), M.Sc. (Statistics) and Master in international trade. He was a Chevening scholar and is a Fellow of the 21st Century Trust/ Salzburg Seminar.

**About the images of synagogues:**

In the past 3 years, we have used images of Indian places of worship of a different faith: 2006 - Akshar Dham Temple (Hinduism), 2007 – Taj Mahal (Islam), 2008 – Lotus Temple (Baha'i). For 2009, we have used images of Jewish Synagogues in India.

**UPCOMING IMI CONFERENCES**

Some of the upcoming IMI conferences are:

**Ink Jet Academy: Theory of Ink Jet Technology**  
February 1-2, 2010  
Crowne Plaza San Marcos Resort  
Chandler (Phoenix), Arizona

**13th Annual Toner Printing Conference**  
February 1-3, 2010  
Crowne Plaza San Marcos Resort  
Chandler (Phoenix), Arizona

**21st Annual Thermal Printing Conference**  
February 1-3, 2010  
Crowne Plaza San Marcos Resort  
Chandler (Phoenix), Arizona

**19th Annual Ink Jet Printing Conference**  
February 3-5, 2010  
Crowne Plaza San Marcos Resort  
Chandler (Phoenix), Arizona

For additional information and registration information, visit IMI's web site [www.imiconf.com](http://www.imiconf.com)

**IMI EUROPE 17th ANNUAL INK JET PRINTING CONFERENCE 2009**  
Barcelona, Spain, November 2009

If you missed this event and need the most up to date information, why not buy the proceedings? These include full copies of all presentations, plus a CD with colour versions. Only Euro 345! For full details and on-line ordering, please visit our web site at [www.imieurope.com](http://www.imieurope.com)

This conference included major announcements, first disclosures of technology and important updates!

The proceedings include both hard copy and colour pdfs of all presentations.

Proceedings hard copy + CD Euro 345, US \$495, GBP 295
