Achieving Success in the Globalized WORLD

INDIA

Nehru Centre, Mumbai, India

8 - 10 February, 2008

International Conference
Technical Workshops
Exhibition

Dear Sir/Madam,

SUB: "ASIA COAT+INK SHOW-2008, INTERNATIONAL CONFERENCE AND TECHNICAL WORKSHOPS".

We are pleased to invite you to attend the International Conference and participate in the Technical Workshops being held along with Asia Coat+Ink Show 2008 at Nehru Centre, Worli, Mumbai from 8th to 10th February 2008..

AIPIIMA is the apex body of the All India Printing Ink Manufacturers' headquartered in Mumbai, India. We are organizing the 6th edition of the Asia Coat+Ink Show along with the International Conference and Technical Workshops. The International Conference will be held on 9th February, 2008 at the Hall of Culture at Nehru Centre and will cover topics of interest to inkmakers and vendors to the printing ink industry.

There will be 6 Sessions covering Raw Materials for producing quality inks, opportunities in Flexography, Export opportunities for printing inks, Brand strategy and a panel discussions on Quality.

There will be 4 Half Day Technical Workshops covering new developments in Offset Inks, Industrial Coatings, Digital Printing Inks and Colour Management. These will be interactive and will be very useful for Printers and Ink Makers alike.

The Association has appointed Cox & Kings India Ltd., as our Travel Partners and you may contact them directly for your travel arrangements.

India has been identified as a preferred location for outsourcing of manufacturing in Chemical industries and your participation at the above events will enable you to interact with leading Indian Ink Manufacturers, Manufacturers of Coatings and Allied Products, etc..

Along with this major International event, there will be a cultural show along with Cocktails and Dinner on 9th February, 2008 for the conference delegates, exhibitors and special invitees from the Printing, Coating and Allied Industries.

Kindly register the names of the delegates for this informative and interactive Conference and Workshop.

Thanking you,

Yours truly,

S.J. Angne
Chairman Events Committee

INTERNATIONAL CONFERENCE

Dear Friends,

The Asia Coat+Ink Show 2008 along with International Conference and Technical Workshop will be held from 8th to 10th February 2008. We hope you will attend these 3 events in large numbers and benefit from the interaction with Ink Makers, Vendors and Marketing Experts.

India has been acknowledged as one of the fastest growing economies in the world and is predicted to become one of the top 5 economies in the next 25 years.

The Packaging and Publication Industries, which are one of the main users of printing inks, is growing rapidly in pace with the Indian GDP growth of over 9% and India is now become a member of the Trillion Dollar Economy Club. The growth in the disposable income of the middle class has impacted consumer spending, health consciousness, food habits, regulations of safety and health and stringent laws for packaging and labeling and environment, etc.

The retail industry is reorganizing itself and establishing world class shopping destinations and huge investments are being made in this space. World's leading retail chains like of Wall Mart, Carrefour, etc. are on the verge of entering India and this would lead to a remarkable growth in printing inks demand. With expansions in the infrastructure and construction industries, the Coating Industry is also looking at new applications. Considering our huge population of educated and highly skilled manpower, India has become a source for manpower. Developed countries are looking to India for outsourcing their raw materials and components resulting in a tremendous growth opportunity for the manufacturing sector.

The emerging competitiveness in Indian manufacturing has proved to be quite robust and Indian manufacturing has not abdicated in the face of steady-cuts in import duties and the rise in the exchange rate over the last 5 years.

The venue for the 2008 Asia Coat+Ink Show will be at Nehru Centre, Worli, Mumbai, where many prestigious events have been held. The Exhibition, International Conference and Technical Workshop are being organized at the same venue, which is located in the centre of the city and easily accessible.

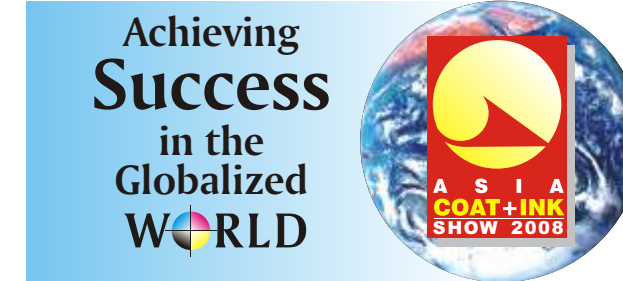

We are attaching herewith a detailed programme of the International Conference and Technical Workshops along with Synopsis of the subjects and the profile of the speakers.

We hope you will take this opportunity and register your names of your delegates for the events. As both the Conference and Workshop capacity is limited, we would request you to confirm your attendance by registering your names on the attached forms along with the necessary fees and mail it to the AIPIIMA Office.

Thanking you,

B.S. Kampani
President AIPIIMA

S.J. Angne
Chairman - Exhibitions & Events Committee
